Congratulations on taking the first step to “flip the switch” on your energy, concentration and focus. Here are some simple instructions to get the most out of your 5 Day Challenge.

1. Join our Life Activated Facebook Group:
www.Facebook.com/groups/ReActivateMe

2. Begin your 5 Day Challenge. You can start when it's convenient for you.

3. To receive the optimal benefits with Axio, we recommend replacing your typical morning “energy” drink of choice with a caffeine Axio (Sour Cherry, Dragon Fruit or Green Grape) in the morning, and drinking a refreshing decaf Axio (Red Raspberry) in the afternoon. If you are sensitive to caffeine, consume both Axio's before noon.

Thank you for your purchase and please reach out to me personally if you have any questions and when you're ready to order!
