(Warm market)

As you know, I've been working at.....for (duration of time) and thoroughly enjoy some aspects of it. But what you may not know, is that I don't feel like it's going to provide me with what I want long term. I have found something that I feel just may be the answer and I'm really excited about it. It may or may not be something that you're interested in but I'd love for you to support me and learn more about it. I'm having a zoom/home meeting (day and time). Can I count on you to be there?
